# This Is Our History

• Inter Urban Pro is a business entity that provides rental services for Sound System, Lighting, Multimedia, Truss, Stage, Generator, Talent Coordinator, etc. Which is located in Bogor and serves clients throughout Indonesia. Established since December 2012, Inter Urban Pro has been successful in helping various activities both small and large scale

• Focus on event equipment rental, we have well-known clients
and extensive experience in concert events, weddings,
birthdays, company gatherings, press releases, campaigns, and any more on a small or large scale.

• We have quality event tools. Sound system and tools
other multimedia is very suitable for various events, such as
gathering, conference, exhibition, music concert, and others. Our scope is not only in Jabodetabek, but throughout Indonesia

# Our Vision

To become a professional, competitive, reliable, integrity, innovation, and trusted business entity in the field of organizing an event

# Our Mission

Providing a new experience in a successful and excellent event for the benefit of customers and event participants.
